**Important notes about parent supervision**

I understand that:

- 1) As the 3+ program operates under the same regulations as a crèche, it is required that the supervising adult does not leave the child unattended at any time. This requires the supervising adult to stay within the Function Centre area at all times during the session.
- 2) Each child attending the program must be accompanied by a supervising adult, except in the circumstance where more than one child from the same family is enrolled in the program.
- 3) Where a child is still toilet training, the supervising adult will be responsible for changing any nappies and attending to any toileting needs as requested by the 3+ staff.
